American International University- Bangladesh

CSC 3215: Web Technologies

CO2 and CO4 Evaluation
Finished Project Report
Spring 2021-22

Project Title: Devstock
Section: L

Student Name	Student Id
Md. Zawad Hossain Rifat	**20-41914-1**
Md. Shakil	**20-41901-1**
Rifat Md. Iftakhar Hasan	**20-41945-1**

Devstock

Project Description:

Devstock is a two-sided marketplace that provides a digital platform. It helps to inspire web developers, graphic designers, Ui/Ux designer and other creative professionals by providing diverse content to businesses, marketing agencies around the world. There are three types of users in this website. They are admin, developers, customers.

Admin:
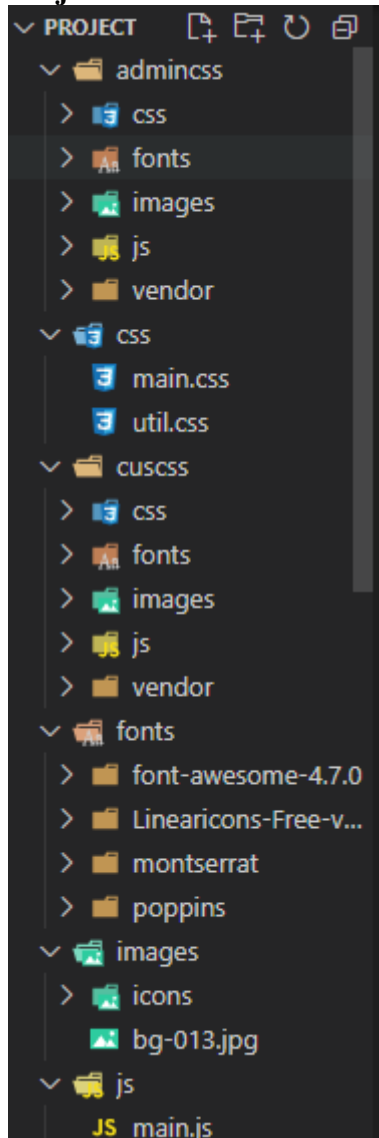

- Delete a user
- Can see user information

Developer:

- Can upload contents and set price
- Can update password
- Can see profile information

Customer:

- Can browse and buy contents
- Can update password
- Can see profile information

Project Folder Structure:

Devstock

Core Modules of the Project:

admin.php

```php
<?php
$con = mysqli_connect('localhost', 'root', '', 'dbdevstock');
$result = mysqli_query($con, "SELECT * FROM Account Where User!='Admin'");
?>
